## **School Planning Engagement Meeting Harold Panabaker School and Online Link Available Wednesday, February 19, 6:00-8:00 p.m.**

Below you will find all comments provided in the survey as they were written. Comments have not been edited for spelling, grammar, sentence structure, truncation or otherwise. Comments have been edited to ensure anonymity. We also edited or omitted abusive, discriminatory and otherwise inappropriate comments.

### **School Development Plan Comments and Questions:**

- Four of the four people in attendance at the meeting supported the 2024-25 School Development Plan.
- I like the focus on literacy in science and math too.
- I didn't think about literacy in math/science, but I was thinking more analytically. I think overall it will hit every subject.
- That's where my kid's lack is in literacy.
- Ms. Li provided more information about how we use data tracking to show which students need supports and how common learning strategies and responses are shared. Lots of kids have different levels of assignments and abilities.

### **Budget Comments and Questions:**

- Priority is for field trips, hands on, opportunities to learn.
- The River Watch trip sounds like a good example of learning outside of a book.
- Options engage students when they are at school.
- Clubs should be a priority, especially when it is cold at lunch.
- Families can pay for athletics if they want to participate.
- Intramurals and clubs keep kids on campus constructively, not being bored in the community making trouble.

### **General Questions:**

- Will the Tuck Shop remain sustainable?
  - The Tuck Shop is funded for one more year. It is currently dependent on the funding to be sustainable.
- Is it possible to partner with a private company or business to have a lunch option?

# *dialogue*)))

- Based on CBE guidelines and AHS nutritional guidelines, hiring a private company for lunch service is not an option at this time.
